KIRUTHIGA GIRIDHARAN

Data & Operations Analyst | Analytics, Reporting & Process Automation

(+353) 892152652 • kiruthigagiri@gmail.com • Dublin, Ireland • LinkedIn • Portfolio

PROFESSIONAL SUMMARY

- Data & Operations Analyst with 4+ years of experience across multiple industries, turning data into useful insights and improving day-to-day business processes.
- Experienced in SQL analysis, Python automation, and Power BI and Tableau reporting, with a focus on data validation, reconciliation, and root cause analysis to improve data quality and operational efficiency.
- Combines technical skills with clear stakeholder communication and has built AI projects to simplify everyday tasks. First Class Engineering graduate with a Master's in Management from Trinity College Dublin.

WORK EXPERIENCE

Data & Operations Analyst | *Circana Market Research* 03/2024 - 06/2026

- Managed weekly data and operational reporting across 5 EMEA markets and 500+ client accounts, coordinating workflows through **Azure Data Factory and Snowflake** to ensure accurate, on-time delivery.
- Analysed weekly client data using **SQL** and built **Power BI and Tableau dashboards** to help clients track performance, identify trends, and make informed business decisions; Query optimisation reduced reporting turnaround by 20% and dashboard build time by 15%.
- Investigated reporting discrepancies through **SQL root cause analysis**, reducing data errors by 25%; built an ensemble machine learning model that improved anomaly detection accuracy by 25%.
- Maintained 100% SLA compliance while triaging 80+ tickets weekly and validating 25+ client onboardings per quarter; training and self-service trackers reduced onboarding from 3 weeks to 1 week.
- Automated KPI narratives and discrepancy checks using **RAG, LangChain, and LangGraph**, cutting reporting from 3 hours to 10 minutes; used Claude and ChatGPT to improve issue resolution efficiency by 45%.

Business Consultant | *Estée Lauder Companies* 09/2022 - 03/2024

- Built **Power BI dashboards and Excel models** to analyse sales and campaign ROI, contributing to 20%+ conversion growth; VLOOKUP-based KPI trackers reduced manual tracking time by 15%.
- Analysed 8 competitors using Salesforce and MS Dynamics CRM to inform strategy; **SQL** analysis identified CRM gaps and improved lead follow-up rates by 25%.
- Conducted spend analysis, vendor benchmarking, and negotiations, reducing procurement costs by up to 30%.

Junior Analyst | *Tata Consultancy Services* 07/2020 - 08/2022

- Analysed and reconciled **SAP** financial and insurance data using 100+ **SQL queries, joins, and stored procedures**, ensuring 100% reconciliation accuracy and supporting data validation across 15+ releases.
- Automated data staging and validation using **Python scripts**, including XML/CSV parsing, reducing manual staging time by 20%.
- Investigated data and operational discrepancies through **root cause analysis and CAPA**, reducing recurring defects by 30% and improving reliability by 25%; supported UAT and issue tracking through Jira.

PROJECTS

AI-Powered Gmail Agent | Python, MCP, LangChain, LangGraph - GitHub

- Built a conversational AI agent to search, summarise, draft, and send email through natural-language requests, automating routine inbox workflows.

SpamSieve | Python, scikit-learn, NLP, Streamlit - GitHub | Live Demo

- Deployed a spam classifier with 98.3% precision and 90.1% recall, supporting individual messages and batch CSV screening.

AI Safety & Fraud Risk Analytics Platform | Python, SQL, XGBoost, SHAP, FastAPI, Streamlit - GitHub | Live Demo

- Built a fraud and LLM-safety risk platform using 6.3M transactions (90.96% precision / 99.84% recall), with SHAP explainability and a FastAPI + Streamlit dashboard.

CORE COMPETENCIES

- **Data & Reporting:** SQL, Python, Power BI, Tableau, Advanced Excel, Data Validation & Reconciliation
- **Platforms & Automation:** Azure Data Factory, Databricks (PySpark), Snowflake, SAP, LangChain, LangGraph, RAG, MCP
- **Operations & Delivery:** SLA Management, Process Improvement, Root Cause Analysis, CAPA, Agile, UAT, Jira
- **Business & Stakeholders:** Client Onboarding & Training, Stakeholder Communication, Cross-Functional Collaboration, Vendor Benchmarking, Salesforce, Microsoft Dynamics CRM

EDUCATION

Trinity College Dublin | MSc in Management 2022 - 2023

Anna University | Bachelor of Engineering, First Class Graduate 2016 - 2020

ACHIEVEMENTS

- Recognised by Circana senior leadership for consistently high-quality, dependable delivery.
- Awarded **Top Performer Q3 FY2021** and **Best Project Member 2021** at Tata Consultancy Services.
